"This is a world class hotel from someone who has been all over the world traveling for work and pleasure. The bar staff, when asked for a specialty liquor, went out of their way to get the bottle out of their storage. All hotel staff were so friendly and very professional. Love the logo ice cubes." - C.G.

"The hospitality is amazing. I have never stayed at a high-end hotel staffed by, what seems to be, 90% young (college aged) people and with such superb service. Great job in developing such a generation a future leaders!" - Fanny M.

"Not only was I extremely impressed with all the safety measures the Texas A&M Hotel has implemented, but I was very excited to learn about their new virtual event services. As far as we can tell, a hybrid of in-person and virtual events is here to stay, so it's so reassuring to know that I can make one call and it's all taken care of." - Michaela C.

"The food and beverage was awesome and it exceeded expectations. We received a ton of great feedback about the quality of the food as well as the service provided!" - John P.
